MASTER SOFT-CLOSE HINGE SYSTEMS

MASTER Soft-Close Hinge is a new generation hinge system, ensuring a high level of movement and assembly comfort due to high - level adjustment feature. It was developed after research and advanced tests carried by SAMET R&D center.

PERFECT DESIGN

MASTER Soft-Close Hinge is a new generation hinge system, ensuring a high level of movement and assembly comfort due to high – level adjustment feature.

An exclusively developed integrated soft-close mechanism was installed in the hinge body with On innovative design to provide the hinge with more stable function.

EASY INSTALLATION

Track Mechanism in
MASTER Soft-Close Hinge
provides toolless assembly-disassembly
feature, which also simplifies installation
process and saves times.

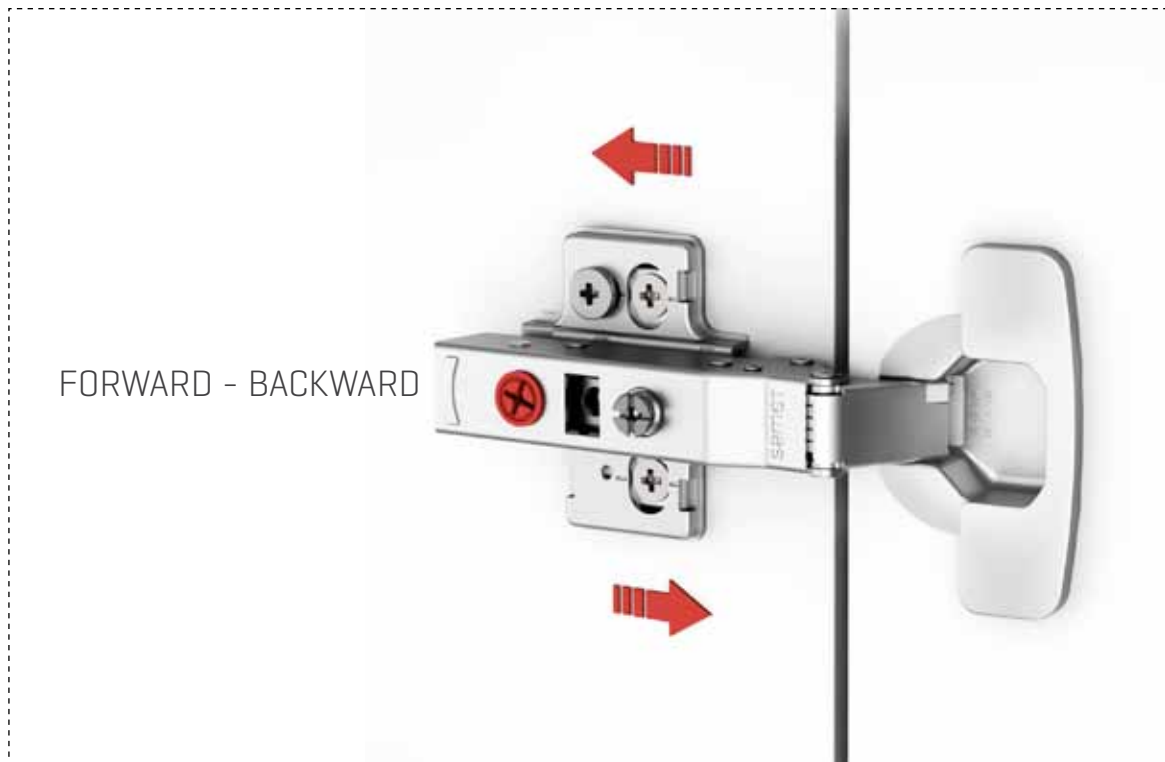

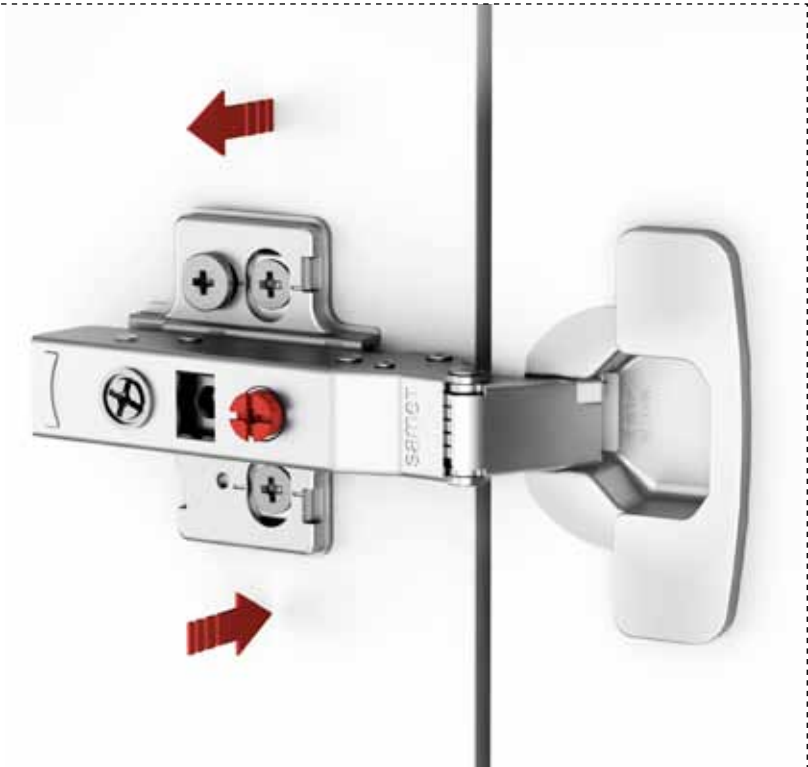

ADVANCED 3D ADJUSTMENT FEATURE

Eccentric system, another SAMET technological innovation, enables high level 3D adjustment option: horizontal, vertical and distance between cabinet door and cabinet side wall.

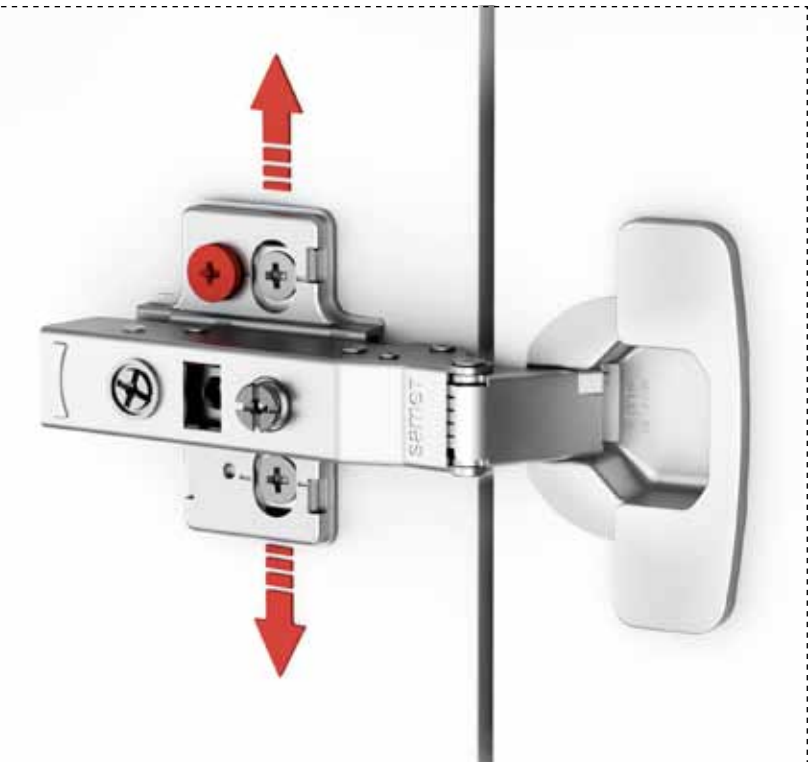

This system offers great ease during the installation of furniture doors at home.
